FILTRATION

Your protection for unforgettable riding moments

Motorcycling is more than just speed, it's a way of life. Every curve, every acceleration, and every moment on the open road reflects your passion. But your engine needs more than fuel and courage; it also needs reliable protection. Hengst oil and air filters are designed to do just that, so you can enjoy the freedom of two wheels with complete confidence.

The challenges on two wheels

Motorcycles defy extreme conditions:

- Vibration and high speeds
- Temperature fluctuations
- Dust, moisture, and dirt

OE INSIDE

Our solution:
OEM-quality filters that function reliably even under the toughest conditions.

Your advantages at a glance

Thanks to our Hengst products:

- **More power and efficiency:** Clean air and pure oil = efficient combustion
- **Longer engine protection:** Protects the engine and reduces wear
- **Lower maintenance costs:** Filters operate stably over long intervals
- **Easy installation:** Precise fit guarantees tightness
- **Quality & trust:** Over 60 years filtration expertise

Also available: matching engine oil in 1-liter canisters

Hengst engine oil for many BMW models:

- 4T Motorcycle 10W-50
- 4T Motorcycle 5W-40
- 4T Motorcycle 15W-50

Check out the YouTube video about the new products in the HENGST.garage.
Our team will be presenting the new motorcycle filters there.

Our oil and air filters for motorcycles

Oil filters – protection for your engine

- High-quality filter media removes the finest particles
- Protection against metal abrasion, soot, and contaminants
- Reduces engine wear and extends oil and service life
- Withstands high pressure and temperature conditions

Air filters – clean air for maximum performance

- Filters almost 100 percent of particles from the intake air
- Optimal combustion thanks to clean air
- High stability even in humid conditions
- Longer engine life

OE INSIDE

Built on OE. Made for the Aftermarket.

Since 1958, Hengst has stood for original equipment quality, technical precision, and partnership-based action. With OE inside, we bring these strengths to the aftermarket – with proven standards, high product availability on four continents, and a broad portfolio for all important applications.
For dealers, this means reliable product ranges, fast digital processes, and complete supply security. For workshops, it means parts that work, impressive quality, and services you can rely on.
